**DETAILED ACTION**

1. Claims 54-58 and 71-74 are pending.
2. Applicant's formal drawings, filed 9/30/02, are acknowledged. The drawings have been found to be acceptable.
3. Applicant's amendment and remarks, filed 10/01/02, are acknowledged. In view of Applicant's amendment narrowing the scope of the claims, the previous rejection has been withdrawn in part. Only the rejection under the first paragraph of 35 U.S.C. 112, set forth previously as part B) a method for treating glomerulonephritis mediated by anti-double stranded(ds)-DNA antibodies, remains.
4. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.
5. Claims 54-58 and 71-74 stand rejected under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for:

a method for treating glomerulonephritis induced by the administration of the R4A antibody, said treatment comprising the administration of a d-D/E-W-D/E-Y-G/S peptide at the time of the induction of the glomerulonephritis,

does not reasonably provide enablement for,

a method for treating glomerulonephritis mediated by anti-double stranded(ds)-DNA antibodies, for the reasons of record as set forth in Paper No. 24, mailed 6/28/02.
- Applicant has not traversed this ground of rejection nor has Applicant provided any data supporting the claimed method of treating an established disease.
6. No claim is allowed.
7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of

the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
